

## **Carving her path outside the societal norms!**

### **The inspiring journey of a female security guard at PPES**

*My name is Divya and hold a graduation degree. I am proud to work as a security guard at PPES school. Observing the scarcity of female guards in the area, I found inspiration to break barriers and become the first female security guard in the region.*

*I firmly believe that women can do anything and that financial independence is crucial for all of us. Being a part of PPES brings me immense joy as everyone here is supportive, make it feel like an extended family. The school not only employed me as a security guard but also supports my personal growth by providing opportunities to learn computer skills.*

*From my perspective, PPES goes above and beyond the mere task of providing education, it serves as a catalyst for fostering their identity and instilling a sense of pride. I consider my role in the school to be significant. Just as teachers nurture students to ensure their learning and wisdom, I have a crucial responsibility to ensure the security of the girls. I monitor the visitors, their purpose of visit, and maintain a safe environment.*

*My message to the girls is that they must utilize this platform to acquire knowledge and education to the fullest. Many girls don't have the same opportunities, so those who do should feel fortunate and strive for a bright future. I wish all the PPES girls attain financial independence and secure good jobs. Although I couldn't seize an opportunity like this, I believe that no job is small. I genuinely hope that the girls from our school study hard and become empowered women of tomorrow!*

**After adding around 600 girls in the current session, total strength is 3000+ girls at the school**

**97% of girls (75 out of 77) who passed out from 12th grade in the session 2022-23, will pursue higher education**

# Events & Visits

## Board Result 2022-23- Celebrating Excellence and Empowering Future!

Congratulations to the PPES girls on the 100% pass result in the 2022-23 batch board results for grades 10th and 12th. Their achievement reflects the dedication, hard work, and the school's nurturing environment.

## Illuminating Hearts, Inspiring Minds: 'Rays of Hope' Book!

An inspiring book that captures the dreams and aspirations of PPES girls through stories and illustrations. You can buy the book at- <https://thealcovepublishers.com/product/rays-of-hope/>

## Where Excellence Meets Inspiration!

We were delighted to have Mr. Devender Singh Rana, Ex-MLA Jammu & Kashmir at the school. He discussed topics such as importance of sports, and education for better future. He spent time with girls while playing sports and having classroom interactions.

## PPES Annual Awards- 2023

The PPES long service and exemplary awards are an excellent way to honor employees who have dedicated many years to the organization. These awards not only recognize the length of service but also highlight the exceptional skills and outstanding performance of the recipients.

## Celebrating Achievements, Embracing New Horizons!

The farewell ceremony for 12th-grade students was a memorable event, celebrating their achievements. It included dance, speeches, and honoring students based on their abilities. We wished them success in their higher education and future endeavors.

# Sports & Other Events

## Sansad Khel Pratiyogita: Where Passion Meets Competition!

PPES girls, with the presence of honored guest Shri Anurag Thakur (India's Sports Minister), won the Sansad Khel Pratiyogita championship in kho-kho.

## Friendly Match of Hockey: Celebrating Sportsmanship and Team Spirit

A friendly hockey match was organized between girls' and boys' teams to promote teamwork, sportsmanship, and healthy competition. The event showcased the remarkable talent of 19 girls from PPES and 14 boys from another school!

## PPES Inter School Sports Championship 2023

For the first time, PPES organized a two-day inter school sports competition. Total 11 teams participated including PPES, 5 in Basketball and 6 in Badminton. In the Badminton competition, the winner was Munshi Singh Sheesh Kaur Vedic Higher Secondary School (MSSKVHS) in Bulandshahr and in the Basketball competition, the winner was RSD School in Muradabad.

## Celebrating International Yoga Day

International Yoga Day was celebrated with students and staff performing various yoga asanas and talking about the importance of yoga to maintain good physical and mental health.

## Training Session on Bookkeeping - Empowering Financial Skills for Success!

A training session was held for self-help group (SHG) bookkeepers to improve their financial record-keeping skills. This training is vital for them to manage SHG finances effectively.

## SHG's Workshops

- Establishing a sugarcane nursery for better agriculture practices
- Integrated Pest Management (IPM) training for better crops
- Nursery Management, focusing on minimizing chemical pesticide use
- Integrating effective pest control strategies
